

**University of Florida  
College of Public Health and Health Professions  
Goals and Objectives**

**Goal I: Provide excellent educational programs that prepare graduates to address the multifaceted health needs of populations, communities, and individuals.**

Objective 1: Seek a strong and diverse student body

Objective 2: Recruit and retain outstanding faculty

Objective 3: Maintain and enhance excellent academic programs that emphasize current knowledge, discovery, and practice

Objective 4: Prepare students who, upon graduation, are competitive in the public health and health professions employment markets

**Goal II: Conduct quality research and disseminate findings that are responsive to priority health needs**

Objective 1: Compete successfully for research funding

Objective 2: Promote collaborative research within the college and across the university

Objective 3: Produce and disseminate new knowledge that contributes to the health of communities and individuals

**Goal III: Serve as active participants and leaders in University, public health, health practice, and health services communities through collaborative approaches to intervention, professional practice, and policy.**

Objective 1: Develop and maintain partnerships with community organizations to promote health

Objective 2: Provide professional service to the community

Objective 3: Provide professional service to the college and the university

Objective 4: Provide continuing educational programs that meet workforce development needs
