COURSE OVERVIEW

This course provides students, interested in addressing health disparities among people living with disabilities, with the knowledge and understanding of health determinants that maintain their current health status globally. Special focus will be devoted to low and middle income countries.

COURSE OBJECTIVES

1. Summarize disability and rehabilitation concepts as they relate to chronic and infectious diseases, war/violence-related disabilities, environment-related disabilities, and disabilities due to genetic malformations
2. Discuss health determinants that maintain health disparities among people with disabilities living in low and middle income countries.
3. Articulate the roles of multilateral, bilateral, governmental and non-governmental organizations, and public health practitioners in eliminating health disparities among people living with disabilities.
4. Articulate the relationship between health disparities and the health systems' structure and the role of the regulatory system, and discrimination.
5. Assess financial contributions of countries and internationally recognized humanitarian organization relief efforts.

COURSE REQUIREMENTS

Quizzes (6 points each; 30% of total grade) There will be five open book/notes quizzes assessing your understanding of the video lectures and readings. The quizzes will consist of 12 randomly assigned multiple-choice questions. You will have 20 minutes to complete each quiz and must work alone.

Reaction Papers (13 points each; 39% of total grade) Each student will watch three, 15 minute videos throughout the semester pertaining to global health disparities and disabilities. Each student will write a minimum 800 word reaction paper to the question or questions posed regarding the video (please note that your name, title, or any words that are not a part of your narrative do not count toward the 800 word count). Students are to work alone and upload their assignment to the Turnitin link provided on the Canvas course site. Submissions of less than 800 words will lose 2 points for every 10 words below the 800 word threshold.

ICF Model Case Studies (6 points; 6% of total grade) Students will be provided profiles of 2 people from around the world. Using the ICF model, you will conceptualize each person's disposition according to each area of the model.

Financing Global Health Opinion Paper (15 points; 15% of total grade) Using the University of Washington's Institute for Metrics and Evaluation Financing Global Health 2018 Report, students will write a minimum 3000 word paper about global financing (more instruction found on Canvas). Submissions of less than 3000 words will lose 2 points for every 20 words below the 3000 word threshold.

Final Exam (10 points; 10% of total grade)

A 20 question, open book/note cumulative multiple choice final exam will be held during the last week of class. You will have 60 minutes to complete the exam and must work alone.

ACADEMIC INTEGRITY

Students are expected to act in accordance with the University of Florida policy on academic integrity. As a student at the University of Florida, you have committed yourself to uphold the Honor Code, which includes the following pledge: "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity. "You are expected to exhibit behavior consistent with this commitment to the UF academic community, and on all work submitted for credit at the University of Florida, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment." It is your individual responsibility to know and comply with all university policies and procedures regarding academic integrity and the Student Honor Code. Violations of the Honor Code at the University of Florida will not be tolerated. Violations will be reported to the Dean of Students Office for consideration of disciplinary action. For additional information regarding Academic Integrity, please see Student Conduct and Honor Code, the Graduate Student Handbook and these web sites for more details:

Please remember cheating, lying, misrepresentation, or plagiarism in any form is unacceptable and inexcusable behavior. All quizzes, reaction papers, assignments, and tests are to be completed on your own.

CLASS ATTENDANCE

Attendance will not be taken for this course as it is online.

POLICY RELATED TO MAKE UP EXAMS OR OTHER WORK

Consistent with College policy, students are allowed to make up work with either instructor permission, or if the missed/late work is the result of illness or other unanticipated circumstances warranting a medical excuse. In cases of a medical excuse, verifiable documentation from a health care provider is required before the student can submit/complete the work. Further, extensions requested for medical reasons must be negotiated at the time of illness. Students without instructor permission or a verified medical excuse will not be allowed to make up a quiz or an exam. Moreover, late assignments or projects without instructor permission or a verified medical excuse will be accepted up to 24 hours after the original deadline for a maximum of half credit.

ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES

If you require classroom accommodation because of a disability, you must first register with the Dean of Students Office (<http://www.dso.ufl.edu>). The Dean of Students Office will provide documentation to you, which you then give to the instructor when requesting accommodation. The College is committed to providing reasonable accommodations to assist students in their coursework.

COUNSELING AND STUDENT HEALTH

Students may occasionally have personal issues that arise in the course of pursuing higher education or that may interfere with their academic performance. If you find yourself facing problems affecting your coursework, you are encouraged to talk with an instructor and to seek confidential assistance at the UF Counseling & Wellness Center, 352-392-1575. Visit their web site for more information: <http://www.counseling.ufl.edu>.

The Student Health Care Center at Shands is a satellite clinic of the main Student Health Care Center located on Fletcher Drive on campus. Student Health at Shands offers a variety of clinical services, including primary care, women's health care, immunizations, mental health care, and pharmacy services. The clinic is located on the second floor of the Dental Tower in the Health Science Center.
