

PHC 6405: Theoretical Foundations of Public Health (3 credit hours)

College of Public Health & Health Professions Syllabus

University of Florida

Summer C 2024

Delivery Format: Online

Course Website: UFL E-Learning

Instructor:	Gaia Zori, PhD, MPH, CHES
Office:	HPNP 4135 (4 th floor)
Email Address:	gaia.zori@ufl.edu
Office Hours:	Wednesday 2:00-3:00 PM EST via Zoom, or by appointment (please email gaia.zori@ufl.edu to set up an appointment)
Teaching Assistant:	Cary Carr, MPH, PhD candidate, Public Health: Social and Behavioral Sciences
Email Address:	carycarr@ufl.edu
Office Hours:	Wednesday 2:00-3:00 PM EST via Zoom, or by appointment (please email gaia.zori@ufl.edu to set up an appointment)

Preferred Course Communications: Email.

Email Policy: Direct Outlook email (gaia.zori@ufl.edu) is the preferred method of communication, **not the message function within Canvas**. Response within 24 hours to emails received on weekdays (M-F). Emails received during the weekend or after 5pm on Friday will be answered by 1pm on the following Monday.

PREREQUISITES

PHC6410: Psychological, Social, & Behavioral Issues in Public Health

PURPOSE AND OUTCOME

Course Overview

This course will give you a thorough grounding in the major theoretical foundations of public health and the skills to apply major theories and models to real-world public health problems.

Course Rationale

There is a clear need for the development and implementation of effective public health programs and policies. In order to design interventions that successfully change health behaviors, however, an understanding of *why* these behaviors occur (and how they are maintained) is essential. This course will also focus on building written and oral communication skills, especially focused on presenting scientific knowledge to non-expert audiences. This course builds on the foundational knowledge of social and behavioral sciences presented in PHC6410. While we will spend some time reviewing the theories and models that were introduced in PHC6410, we assume that you have a background familiarity with these theories and models and thus we will spend a bulk of the course extending/applying these models through critical discussion and application.

Course Objectives

The course objectives for PHC6405 were developed in accordance with the social and behavioral science (SBS) competencies identified by the Association of Schools & Programs for Public health (ASPPH). By the end of this course, students will be able to:

- Describe and apply the basic theories, concepts and models from a range of social and behavioral disciplines that are used in public health research and practice.
- Describe the role of social and community factors in both the onset and solution of public health problems.
- Demonstrate an understanding of health disparities in the United States, including the political, economic, and social forces that contribute to these disparities.
- Apply the social-ecological framework to specify multiple targets/levels of intervention for social and behavioral science programs and/or policies.
- Apply evidence-based approaches in the development and evaluation of theoretically-based social and behavioral science interventions.
- Evaluate and critique existing theories of health behavior and health behavior change.
- Identify critical stakeholders for the planning, implementation, evaluation, and dissemination of public health programs, policies and interventions.
- Evaluate individual and organizational/community concerns, assets, resources, and deficits and how these factors may interact with social and behavioral science interventions.
- Apply ethical principles to public health program planning, implementation and evaluation.
- Critically analyze the social and behavioral sciences research literature.
- Translate social and behavioral science research findings into health communication messages for varied audiences.
- Apply methods from the dissemination and implementation literature to design interventions with high potential for public health-level impact.
- Work collaboratively as part of a public health team.

Relation to Program Outcome

The course objectives are related to several SBS Concentration Competencies:

- Integrate social and behavioral science theories and concepts in the development of interventions/solutions to public health problems.
- Evaluate public health social and behavioral science research so that research decisions, strengths and limitations are addressed
- Apply the principles of community participation in public health interventions.
- Apply social and behavioral science methods to community assessments.

What is expected of you?

You are expected to actively engage in the course throughout the semester. This course relies heavily on participation in the online discussion boards with instructor and classmates; your participation fosters a rich course experience for you and your peers. It is the sole responsibility of the student in online courses to keep up with course requirements. You are expected to do preparatory work (including reading and/or watching videos linked in Canvas) each week prior to participating in online discussion boards, which will be spent primarily on critical discussion and application of course content to real-world public health problems. Throughout online course discussions, you will be asked to initiate ideas, share relevant experiences, reflect on what your classmates post, and critique and extend the course readings and lectures. Participating actively requires that you are open to discussing your beliefs and how you define yourself while also opening yourself to other points of view and considering them critically. Rich discussion frequently entails disagreements not only about issues, but also about basic values. As a participant in this class, **you are expected to be respectful toward others and their views**, even if they are radically opposed to your own beliefs.

Please note: Because this is a Summer C course (12 weeks instead of 16 weeks), this course will run quicker than a course in the Fall and Spring. You are expected to keep up with this pace.

Late work is not accepted without instructor approval. Quizzes and assignments will lock at the end of each module (all dates and times noted below in the course outline).

Recording Within the Course

Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session. Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

Teaching Philosophy

The aims of graduate school are different from those of undergraduate education. Undergraduate education is concerned primarily with instilling the essential knowledge in a field and—at its best—with preparing students for a lifetime of learning. Graduate education is about turning students into professional researchers and teachers. These different aims correspond to distinct responsibilities for both teachers and learners at the graduate and undergraduate levels. As aspiring professionals, you are responsible for taking initiative to master the key ideas and literature in the field and for seeking out the resources you need. My role is to facilitate your learning and professional development as independent scholars by introducing you to pertinent literature, by challenging you to evaluate and synthesize the material, and by rewarding individual initiative.

Diversity Statement

I consider this classroom to be a place where you will be treated with respect, and I welcome individuals of all ages, backgrounds, beliefs, ethnicities, genders, gender identities, gender expressions, national origins, religious affiliations, sexual orientations, ability – and other visible and nonvisible differences. All members of this class are expected to contribute to a respectful, welcoming, and inclusive environment for every other member of the class.

Inclusive Learning Environment

Public health and health professions are based on the belief in human dignity and on respect for the individual. As we share our personal beliefs inside or outside of the classroom, it is always with the understanding that we value and respect diversity of background, experience, and opinion, where every individual feels valued. We believe in, and promote, openness and tolerance of differences in ethnicity and culture, and we respect differing personal, spiritual, religious and political values. We

further believe that celebrating such diversity enriches the quality of the educational experiences we provide our students and enhances our own personal and professional relationships. We embrace The University of Florida's Non-Discrimination Policy, which reads, "The University shall actively promote equal opportunity policies and practices conforming to laws against discrimination. The University is committed to non-discrimination with respect to race, creed, color, religion, age, disability, sex, sexual orientation, gender identity and expression, marital status, national origin, political opinions or affiliations, genetic information and veteran status as protected under the Vietnam Era Veterans' Readjustment Assistance Act." If you have questions or concerns about your rights and responsibilities for inclusive learning environment, please see your instructor or refer to the Office of Multicultural & Diversity Affairs website: www.multicultural.ufl.edu.

DESCRIPTION OF COURSE CONTENT

Course Materials, Instructional Methods, and Technology

Required Textbook: Glanz, K., Rimer, B. K., & Viswanath, K. (2015). Health Behavior: Theory, Research, and Practice, 5th Edition. San Francisco, CA: Jossey-Bass. ISBN: 978-1-118-62898-0
Note: The 5th edition has been substantially updated and much of this new material is included in this class; thus, earlier editions of the textbook should not be used.

Additional Required Readings: Posted on the course website (Canvas).

Instructional Methods

This course is offered online, in weekly "modules." Each module is made up of the following:

- 1.) Assigned readings (textbook chapters and/or articles posted to eLearning)
- 2.) Lectures/videos (posted to eLearning)
- 3.) A quiz (covering all content presented within the module, including readings and videos)
- 4.) Weekly writing prompts or other assignments

Course Website: The course website is available on Canvas and can be accessed through the [eLearning @ UF](#) website. The weekly schedule, additional course materials, and links to submit course assignments and weekly discussion questions are available through this website. You will log into the course website using your gatorlink ID and password; if you have trouble logging in, please contact the Help Desk at 352-392-HELP.

Announcements: Class announcements will be sent via the announcements tool in Canvas. Depending on your Canvas notification settings, you may or may not be notified via email; **you are responsible for all information in these announcements** whether or not you see them in your email. **Please update your settings so that you are notified of announcements.**

This course will use Canvas. The textbook readings make up the core foundation of this course, and supplemental articles, lectures, and videos are provided to supplement the course textbook by offering applied examples, clarification of difficult concepts, and extensions of textbook material. Thus, I assume that you have completed the assigned readings when watching the videos; if you have not done so, the video content may be confusing

Technical Requirements: You are REQUIRED to have a webcam and microphone. Browser requirements may change; please consult <https://kb.helpdesk.ufl.edu/FAQs/SupportedBrowsersForUFWebsites> to see a list of supported browsers and recommendations for browser configuration.

For technical support for this class, please contact the UF Help Desk at:

Email: helpdesk@ufl.edu

Phone: (352) 392-HELP - select option 2 · <https://helpdesk.ufl.edu/>

Website: <https://elearning.ufl.edu/help.shtml>

Additional Academic Resources

- Career Connections Center: Reitz Union Suite 1300, 352-392-1601. Career assistance and counseling services.
- Library Support: Various ways to receive assistance with respect to using the libraries or finding resources.
- Teaching Center: Broward Hall, 352-392-2010 or to make an appointment 352- 392-6420. General study skills and tutoring.
- Writing Studio: 2215 Turlington Hall, 352-846-1138. Help brainstorming, formatting, and writing papers.
- Student Complaints On-Campus: Visit the Student Honor Code and Student Conduct Code webpage for more information.
- On-Line Students Complaints: View the Distance Learning Student Complaint Process.

ACADEMIC REQUIREMENTS AND GRADING

Course Components:

1. **Syllabus/Academic Integrity Quiz:** You are asked to complete a brief quiz on the syllabus and academic integrity prior to unlocking the course content on Canvas. *Please review the syllabus, course overview, and the academic integrity materials before completing the quiz.* **NOTE:** While this quiz is ungraded, you must receive a 100% to unlock course materials. You will NOT be able to access course materials without passing the quiz.
2. **Readings and Other Course Materials (Lectures/Videos):** For each weekly module, you will be assigned textbook chapters and/or specified journal articles to read. Within each module on Canvas, additional information may be provided (e.g., recorded lectures and/or videos). Whether these materials are required or optional will be described within that week's page on Canvas.
3. **Weekly Quizzes:** To encourage completion of the readings/assigned material, to help assess if there are any areas that students are having difficulty with, and because we will not have exams, you will be asked to complete a quiz on each week's material. This quiz is intended to assess overall comprehension of the material and you will have two attempts each week to complete the quiz. Questions are randomly drawn from a question bank, however, so it is unlikely that you will see the exact same set of questions each time. **Each quiz is worth 10 points. You will be able to drop your lowest quiz score for a total of 100 points for the semester.**
4. **Online Discussion Participation & Weekly Activities:** The exchange of ideas between colleagues is a key aspect of learning and is a required activity in this course. In several modules, we will have a group discussion component. You may also have short out-of-class assignments that you will discuss on the discussion board that will be considered part of this grade; more information on these assignments will be provided under the appropriate module. While you are graded on overall participation each week, you are required to complete each week's discussion post and reply to a minimum of one other student's post on that week's group board. Discussion posts should address all questions in that week's prompt (you can separate sections by question # or write all answers in a narrative form, just be clear to indicate that you've answered all questions), and you should end your post in a way that engages the class in discussion (e.g., ending with a question to the group that will generate interesting discussion about the topic and must demonstrate critical thinking related to the week's readings/content). Appropriate questions include those that 1) seek clarity on course material; 2) relate the course material to other public health issues/theories or discussions we've had; 3) provide the basis for further investigation that would build on

the readings; 4) generate interesting course discussion/debate. Please consult the rubric posted online on Canvas for an outline of what we are looking for in the discussion posts and how they will be scored. **Students can earn up to 20 points each week for submitting these weekly discussion posts, for a total of 200 points over the course of the semester.**

5. **Individual Health Behavior Change Intervention:** You will be asked to develop and implement a theoretically based individual health behavior change program. More information will be provided on the course Canvas page. **The individual health behavior change intervention project is worth 50 points.**
6. **Media Advocacy/Social Marketing Assignment:** To integrate what you've learned about behavior change theories and health communication, and to hone your ability to translate scholarly literature into writing that can appeal to the general public, you will be asked to prepare a letter to the editor/op ed on a public health topic of your choosing. You will submit your topic via Canvas. A draft of your letter/op for peer review should be submitted via Canvas. You will then complete peer review(s). You will submit a final version of your assignment via Canvas towards the end of the semester. Full assignment details can be found on the course Canvas page. **The Media Advocacy Assignment is worth 100 points.**

All activities are due at the days/times listed. All submissions will be through Canvas. NO EXCEPTIONS.

Grading

<i>Requirement</i>	<i>Due date</i>	<i>Points</i>
Syllabus Quiz	Must be completed to unlock course materials by Wednesday, 5/15 at 12:00 PM EST	--
Weekly Quizzes	Ongoing; due each Saturday by 11:59 PM EST	100
Weekly Online Writing Prompts/Discussion Posts	Ongoing; due each Saturday by 11:59 PM EST	200
Individual Health Behavior Change Intervention	Topic and plan due Wednesday, June 5 Final Submission due Saturday, June 22	50
Social Marketing/ Media Advocacy Assignment	Topic due by Wednesday, July 3. Draft due by Saturday, July 27. Peer reviews due Wednesday, July 31; Final assignment due Monday, August 5.	100
TOTAL		450

Point system

Points earned	≥419	405-418	391-404	374-390	360-373	346-359	328-345	315-328	301-314	283-301	270-282	≤167
Letter Grade	A	A-	B+	B	B-	C+	C	C-	D+	D	D-	E

NOTE: Please be aware that a C- is not an acceptable grade for graduate students. A grade of C counts toward a graduate degree only if an equal number of credits in courses numbered 5000 or higher have been earned with an A.

Letter grade to grade point conversions are fixed by UF and cannot be changed.

Letter Grade	A	A-	B+	B	B-	C+	C	C-	D+	D	D-	E	WF	I	NG	S-U
Grade Points	4.0	3.67	3.33	3.0	2.67	2.33	2.0	1.67	1.33	1.0	0.67	0.0	0.0	0.0	0.0	0.0

For greater detail on the meaning of letter grades and university policies related to them, see the [Grading and Grade Policies](#) posted by the Registrar's Office.

STUDENT EXPECTATIONS, ROLES, AND OPPORTUNITIES FOR INPUT

Communication Guidelines

Please email the instructor and TA directly rather than using the messaging tool in Canvas. For digital communication, please see the following Netiquette Guidelines:

<http://teach.ufl.edu/wp-content/uploads/2012/08/NetiquetteGuideforOnlineCourses.pdf>

Policy Related to Make ups or Other Work

If you have a scheduling conflict that prevents you from fulfilling a certain course requirement, please contact the course instructor as soon as possible. **Late assignments will not be accepted** without an approved arrangement with the course instructor. Failure to complete work prior to the deadlines outlined in this syllabus may result in a zero grade for that assignment.

Policy Related to Technical Issues

Any requests for make-ups due to technical issues **must** be accompanied by the ticket number received from the UF Computing help desk (<http://helpdesk.ufl.edu/>) created when the problem was reported to them. The ticket number will document the time and date of the problem. You **must** e-mail me within 24 hours of the technical difficulty if you wish to request a make-up.

Polices Related to Remote and Online Synchronous Sessions

Our class sessions may be audio visually recorded for students in the class to refer back and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voices recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the "chat" feature, which allows students to type questions and comments live. The chat will not be recorded or shared. As in all courses, unauthorized recording and unauthorized sharing of recorded materials is prohibited.

Academic Integrity

Students are expected to act in accordance with the University of Florida policy on academic integrity. As a student at the University of Florida, you have committed yourself to uphold the Honor Code, which includes the following pledge: **“We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.”**

You are expected to exhibit behavior consistent with this commitment to the UF academic community, and on all work submitted for credit at the University of Florida, the following pledge is either required or implied: **“On my honor, I have neither given nor received unauthorized aid in doing this assignment.”**

It is your individual responsibility to know and comply with all university policies and procedures regarding academic integrity and the Student Honor Code. Violations of the Honor Code at the University of Florida will not be tolerated. Violations will be reported to the Dean of Students Office for consideration of disciplinary action. For additional information regarding Academic Integrity, please see [Student Conduct and Honor Codes](#) information at the Dean of Students Office website or the [Academic Expectations](#) information at the Graduate School website for additional details.

Please remember cheating, lying, misrepresentation, or plagiarism in any form is unacceptable and inexcusable behavior.

Policy Related to Plagiarism

Plagiarism, as defined in the UF Student Honor Code (<https://regulations.ufl.edu/wp-content/uploads/2018/06/4.040-1.pdf>), will not be tolerated. Plagiarism detection software (e.g., TurnItIn) and other resources may be used to detect plagiarism. Assignments where the instructor deems that plagiarism has occurred may receive a zero grade, and may be reported to the Dean of Students office as a Student Honor Code violation. The APA publication manual (optional textbook) provides guidelines on avoiding plagiarism; for more details you can also reference the Purdue Online Writing Lab website (https://owl.purdue.edu/owl/purdue_owl.html).

Turnitin

Academic integrity is a serious issue that has been a growing problem at universities. I have a zero tolerance policy for breaches of academic integrity, including plagiarism and cheating. There are multiple video resources posted on our Canvas site that discuss plagiarism and how to properly quote and cite other people's work. With each assignment you complete you are pledging that you hold yourself and your classmates to the highest standards of academic integrity. I use an online tool called Turnitin to check student work for originality; in other words, your work should be in your own words and not copied from any source. Every student needs to watch the videos on plagiarism and on using Turnitin and needs to check their own Turnitin report, made available through the Canvas site automatically when you submit anything through assignments. You should submit assignments early enough to have time before the due date to make revisions to them if your Turnitin report shows areas of high similarity to online resources. Any student caught cheating or plagiarizing will be reported to the Dean of Students Office and will be subject to academic penalties in the course, at minimum.

Online Faculty Course Evaluation Process

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.aa.ufl.edu/students/>. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluera.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.aa.ufl.edu/public-results/>.

Policy Related to Guests Attending Class

Only registered students are permitted to attend class. However, we recognize that students who are caretakers may face occasional unexpected challenges creating attendance barriers. Therefore, by exception, a department chair or their designee (e.g., instructors) may grant a student permission to bring a guest(s) for a total of two class sessions per semester. This is two sessions total across all courses. No further extensions will be granted. Please note that guests are **not** permitted to attend either cadaver or wet labs. Students are responsible for course material regardless of attendance. For additional information, please review the Classroom Guests of Students policy in its entirety. Link to full policy: <http://facstaff.php.ufl.edu/services/resourceguide/getstarted.htm>

SUPPORT SERVICES

Accommodations for Students with Disabilities

If you require classroom accommodation because of a disability, it is strongly recommended you register with the Dean of Students Office <http://www.dso.ufl.edu> within the first week of class or as soon as you believe you might be eligible for accommodations. The Dean of Students Office will

provide documentation of accommodations to you, which you must then give to me as the instructor of the course to receive accommodations. Please do this as soon as possible after you receive the letter. Students with disabilities should follow this procedure as early as possible in the semester. The College is committed to providing reasonable accommodations to assist students in their coursework.

Counseling and Student Health

Students sometimes experience stress from academic expectations and/or personal and interpersonal issues that may interfere with their academic performance. If you find yourself facing issues that have the potential to or are already negatively affecting your coursework, you are encouraged to talk with an instructor and/or seek help through University resources available to you.

- The **Counseling and Wellness Center** 352-392-1575 offers a variety of support services such as psychological assessment and intervention and assistance for math and test anxiety. Visit their web site for more information: <http://www.counseling.ufl.edu>. Online and in person assistance is available.
 - Do not wait until you reach a crisis to come in and talk with us. We have helped many students through stressful situations impacting their academic performance. You are not alone so do not be afraid to ask for assistance.
- **U Matter We Care** website: <http://www.umatter.ufl.edu/>. If you are feeling overwhelmed or stressed, you can reach out for help through the You Matter We Care website, which is staffed by Dean of Students and Counseling Center personnel.
 
- The **Student Health Care Center** at Shands is a satellite clinic of the main Student Health Care Center located on Fletcher Drive on campus. Student Health at Shands offers a variety of clinical services. The clinic is located on the second floor of the Dental Tower in the Health Science Center. For more information, contact the clinic at 392-0627 or check out the web site at: <https://shcc.ufl.edu/>.
- Crisis intervention is always available 24/7 from: **Alachua County Crisis Center**: (352) 264-6789
<http://www.alachuacounty.us/DEPTS/CSS/CRISISCENTER/Pages/CrisisCenter.aspx>.
- **University Police Department**: [Visit UF Police Department website](#) or call 352-392-1111 (or 9-1-1 for emergencies).
- **UF Health Shands Emergency Room / Trauma Center**: For immediate medical care call 352-733-0111 or go to the emergency room at 1515 SW Archer Road, Gainesville, FL 32608; [Visit the UF Health Emergency Room and Trauma Center website](#).

Interpersonal Violence

University of Florida is a Green Dot campus which means that interpersonal violence of any kind is not tolerated. If you experience any form of violence, I am here to support you. Please do not hesitate to reach out to me directly or contact any of the following offices:

- **Office of Victim Services**
352-392-5648 (Monday - Friday 8am-5pm)
352-392-1111 (after business hours and on weekends)
- **Office of Accessibility and Gender Equity**
352-273-1094

<https://titleix.ufl.edu/>

- **U Matter We Care**
352-294-CARE (2273)
umatter@ufl.edu

Weekly Course Schedule

Materials subject to change. Please visit Canvas modules for most updated materials in each module.
