I. PURPOSE & OUTCOME

Course Overview
This foundational course introduces public health and healthcare within the US and globally, emphasizing the effect of positionality and the interconnectedness of population and individual health. Course topics include public health history and impact, the role of ethics and evidence, and the importance of health equity and human rights.

Relation to Program Outcomes
This foundational and introductory public health course emphasizes and assesses student learning for all 12 foundational knowledge (FK) concepts as outlined by the Council on Public Health Education (CEPH, 2021).

Reference
Course Objectives
1. Explain public health history, philosophy, and values. (FK1)
2. Identify the core functions of public health and the 10 Essential Services. (FK2)
3. Explain the role of quantitative and qualitative methods and sciences in describing and assessing a population’s health. (FK3)
4. List major causes and trends of morbidity and mortality in the U.S. or other community relevant to the school or program. (FK4)
5. Discuss the science of primary, secondary, and tertiary prevention in population health, including health promotion, screening, etc. (FK5)
6. Explain the critical importance of evidence in advancing public health knowledge. (FK6)
7. Explain effects of environmental factors on a population’s health. (FK7)
8. Explain biological and genetic factors that affect a population’s health. (FK8)
9. Explain behavioral and psychological factors that affect a population’s health. (FK9)
10. Explain the social, political, and economic determinants of health and how they contribute to population health and health equity. (FK10)
11. Explain how globalization affects the global burden of disease. (FK11)
12. Explain an ecological perspective on the connections among human health, animal health, and the ecosystem (e.g., OneHealth). (FK12)

**Instructional Methods**

This iteration of the course is provided entirely online using video presentations and selected readings in a semi-self-paced format. The course is housed in UF e-Learning in Canvas. Quizzes and Exams are proctored by Honorlock (with identity verification checks) and must be taken in the window of time specified (see below). Reflection discussions (original posts, and replies) must be original work (verified via Turnitin.com) and must be evidence-based (i.e., you must cite highly credible, reliable, sources of information).

**Online Learning Expectations**

You are expected to actively engage in the course throughout the semester. You must complete all assignments. You will work towards mastery of the course objectives. **Students are expected to write their own work, ChatGPT and similar resources are *not* to be used** – thank you for respecting this request.
II. DESCRIPTION OF COURSE CONTENT

Please plan your study/assignment time strategically: we have a compressed timeline in the summer semester. You will be completing 3-credit work typically scheduled in 15 weeks, during 12 weeks of summer!

Some weeks in summer semester, you will be working in more than one module. Depending on the complexity of the module topic (my opinion) I have allowed 3, 4, or 5 days for each module as shown in the Topic Outline/Course Schedule table below during summer semester (vs. 4/5 days per module during fall/spring semesters). No work is scheduled during UF holidays. The due dates for module assignments are shown in a separate table.

**Academic Requirements & Grading**

**ASSIGNMENTS:** (Discussions, Quizzes, and Exams)
You will work through the material and complete the required quizzes, discussions, and exams to develop a greater understanding of public health. **You will practice sourcing/citing high-quality (“credible”) evidence** - expected skills for a UF PHHP graduate! If you would like feedback on your work at any time during this course, please contact me with your questions: I will review your work with you via Zoom screenshare.

**Most quizzes/assignments are due on a Monday.** Where possible I have included “a weekend” between a scheduled module and due date of related assignment(s), based on previous students’ GatorEvals feedback.
You are welcome to work ahead in the class and submit early. The ‘due dates’ listed in the table are the last day to submit work, i.e., the work is required before/on the ‘due’ date, by 11:59PM Eastern Time.

**RELIGIOUS HOLIDAYS, AND DUE DATES**

There are several religious holidays that occur during the semester. As this is a semi-self-paced class, even if you are observing them, these holidays may not affect your work in the class too much. However, if you will be observing religious holidays this semester, and this could affect you being able to post to a discussion or complete a quiz/exam by the due date per the table below, please let me know in advance if you need some extra time to make up course activities. Thank you for working with me on this.

### COURSE REQUIREMENTS, Due dates*

*You are welcome to work ahead in the class and submit early – check margin comment feedback for assignment tips (on discussion similarity checks). Please see note about Religious Holidays.

### Reflection Discussions (each discussion is a 4-part assignment)- 52% of course grade.

- 3 original posts & 3 reply posts & 6 similarity checks (word docs., in APA-7th Edn. format):
- For each post, BEFORE posting on the main page, a “similarity check” of words + references + technology statements to show 0-9% similarity per Turnitin.com, is REQUIRED. See instructions, email any questions!

Grading readiness rubric requirements (per individual assignments) must be met before the due date.

Work will be graded after the due date listed in the table. The due time on each date is 11:59 PM Eastern Time.  
*You are welcome to work ahead in the class and submit early. Hard deadlines for ‘last possible Discussion posting date’ this semester will be provided with at least 2 weeks’ notice, via announcement(s) and are clearly stated on the course Discussion pages.

RELIGIOUS HOLIDAYS, AND DUE DATES  
There are several religious holidays that occur during the semester. As this is an asynchronous class, even if you are observing them, these holidays may not affect your work in the class too much. However, if you will be observing religious holidays this semester, and this could affect you being able to submit work/complete a quiz by the due date per the table above, please let me know in advance if you need some extra time to make up course activities. [Contacting me in advance will enable me to schedule time to grade your work in a timely manner.] Thank you for working with me on this.

To pass this non-credit class, you need to earn at least 80 points (B- equivalent or greater), per table above.  
“Non-credit” means the course does not contribute to your grade-point average (GPA). Therefore, on your UF
transcript, this non-credit version of the PHC6600 course, will not have an “A-E” letter grade. The non-credit version of the course may show as a satisfactory grade (“S”) on your transcript (see table below), or it may count as a checked-off ‘requirement completed’ item for your curriculum, depending on your program.

**Description of Graded Course Assignments**

**Syllabus Quiz:**
This Canvas syllabus quiz is ungraded; however, **you must pass with a 100% to move onto course content.** This is the *only* quiz which does not use Honorlock/webcam and will not require you to show your photo ID. All other quizzes will use Honorlock to preserve the integrity of assessment.

**Module Content Quizzes:** **WEBCAM REQUIRED**
- 6 Module Content Quizzes, 8 marks each.
- Content quizzes will be proctored by Honorlock. Photo ID and a quiet room (no one else present) will be required.
- Quizzes in this course are open book, open (paper-based) notes. Honorlock will allow online access to course materials for the modules covered in the quiz (via Canvas). No other internet access and no access to files stored on your personal computer/cloud will be allowed.
- You will have six chances to take each quiz; your highest grade will be scored. Each quiz includes eight multiple choice questions; quiz time is 30 minutes per attempt. **Quiz questions are randomly selected from a pool of potential items, you are unlikely to get the exact same questions twice.**
- Because quizzes are timed you will not have time to look up every concept covered on the quiz. Therefore, you should complete your readings and review relevant module(s)’s lecture/video content before taking the quiz!

**Discussions:**
- There will be three sets of evidence-based discussion assignments throughout the semester which will help you engage with your peers, practice sourcing/citing high-quality (“credible”) evidence and consolidate your thoughts.
- Each discussion consists of four assignments (two similarity checks, an original post, and reply post).
- Each assignment within a discussion has individual instructions that should be read thoroughly, to earn full marks. Please request a Zoom meeting to discuss instructions with me if you wish.
- Please fully review the “Grading Readiness” and “Content & Accuracy” rubrics for each assignment within a discussion!
  - APA-7th Edition in-text citations/reference lists/document format will be used.
  - Discussion post content will be submitted to Turnitin.com to ensure academic integrity.
- Please note: pre-grading requirements for all assignments are non-negotiable (see “Grading Readiness” rubrics); **pre-grading requirements must be met before the ‘hard close’ dates for each assignment.**
- The STUDENT is responsible for checking the work meets pre-grading requirements.
• The instructor may contact students who submitted by the requested due date in the table above to alert them an adjustment is advised per “Grading Readiness” rubric, but the instructor will NOT contact students who submit work in the courtesy upload period between the due date and the hard close date.

### III. CLASS POLICIES

#### Quiz Policies
- A webcam is required.
- Quizzes will be proctored and recorded by Honorlock.
- Your quiz recording will include your screen.
- **Honorlock will allow online access to course materials for the modules covered in the quiz. No other online access or personal computer file access will be allowed.**
- **Quizzes in this course are open book, open (paper-based) notes, open (online) relevant-Module materials.**
- Photo ID and a quiet room (no one else present) will be required.
- No hats may be worn.
- Quizzes may NOT be taken on a cell phone.
- No phones or other electronic devices are to be used, just the single-screen computer on which you are taking the quiz.
- You must show your cell phone being powered off. *(If you do not have a cell phone, please message the instructor).*

**Quiz-specific Policies.**
- Each quiz includes eight multiple choice questions; quiz time is 30 minutes per attempt per quiz.
- You will have six chances (attempts) to take each quiz; your highest grade will be scored.
- **Quiz questions are randomly selected from a pool of potential items, so it is unlikely that you will get the exact same questions twice.**

#### Policy Related to Make up Exams or Other Work
- Coordinator/instructor will not contact you about late, missing, or incomplete assignments.

**If you miss the deadline for a quiz, or a discussion, the relevant Canvas page will say the upload feature is no longer available: you will need to contact the instructor and request permission to submit. Permission for late submission is not guaranteed – there needs to be a genuine reason why the deadline was missed.**

You should email the instructor and explain what issue (e.g., bereavement, illness) necessitates lateness. In some cases, documentation may be requested. If a lateness allowance is agreed to, this applies to a single assignment only. It does not allow you to delay future assignments. **Note, conference attendance or doctoral qualifying examinations or thesis/dissertation defenses do not constitute valid lateness excuses.**

**Special Circumstances:** In the event of exceptional situations that may interfere with your ability to perform an assignment or meet a deadline, contact the instructor as soon in advance of the deadline as possible. Such special cases will be dealt with on an individual basis, provided you have sufficient documentation.

**Technical issues:** Any requests for make-ups due to technical issues MUST be accompanied by the UF Computing help desk ([http://helpdesk.ufl.edu/](http://helpdesk.ufl.edu/)) correspondence. You MUST e-mail the instructor within 24 hours of the technical difficulty if you wish to request a make-up.
IV. STUDENT EXPECTATIONS, ROLES, AND OPPORTUNITIES FOR INPUT

To ensure that we have a great semester, remember --

All transactions and relationships are enriched by courtesy:
Be considerate of one another during responses to reflective discussions.
All ideas have merit.

“There is no such thing as a ‘Silly Question’” (C. Austin, personal communication, 2021).

Academic & Personal Integrity: I expect and hope that you will be honest with me in all aspects of your conduct regarding our course. In return, I will do the same with you. By formally registering for coursework at the University of Florida, you are bound by the Honor Pledge which states:

“We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity by abiding by the Honor Code.”

On all work submitted for credit at the University of Florida, the following pledge is either required or implied:

“On my honor, I have neither given nor received unauthorized aid, in doing this assignment.”*

* Using an AI entity when creating discussion posts is “unauthorized aid” for PHC6600.

In PHC6600, you are expected to Do Your Own Work:
• without help from another human, and
• without help from any AI entity (e.g., ChatGPT).

Please do NOT use ChatGPT or similar program/app to generate material for use in PHC6600. I find reading ChatGPT output is boring (generic) and find the material is often inaccurate. I believe UF graduate students create better work (by themselves) than any AI bot. Thanks in advance for respecting my request.

Please remember: cheating, lying, misrepresentation, or plagiarism in any form is unacceptable and inexcusable behavior. We are using Turnitin.com to encourage honorable behavior by ALL students! Turnitin.com similarity scores of <10%, and accurate source citations are expectations in this course.

The UF Honor Code specifies several behaviors that are in violation of this code and the possible sanctions. [Link](https://sccr.dso.ufl.edu/policies/student-honor-code-student-conduct-code/) You are obliged to report any condition that facilitates academic misconduct to appropriate personnel. Violations of the Honor Code will not be tolerated. Violations will be reported to the Dean of Students Office for consideration of disciplinary action.

It is your individual responsibility to know and comply with all university policies and procedures regarding academic integrity and the Student Honor Code. Violations of the Honor Code at the University of Florida will not be tolerated. Violations will be reported to the Dean of Students Office for consideration of disciplinary action. For additional information regarding Academic Integrity, please see Student Conduct and Honor Code or the Graduate Student Website for additional details:

Recording Within the Course:
Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.
A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course.

**Publication without the permission of the instructor is prohibited.**

To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third-party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

**Online Faculty Course Evaluation Process:**

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at [https://gatorevals.aa.ufl.edu/students/](https://gatorevals.aa.ufl.edu/students/). Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via [https://ufl.bluera.com/ufl/](https://ufl.bluera.com/ufl/). Summaries of course evaluation results are available to students at [https://gatorevals.aa.ufl.edu/public-results/](https://gatorevals.aa.ufl.edu/public-results/).

**V. SUPPORT SERVICES**

**Accommodations for Students with Disabilities or Different Abilities:**

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protections for persons with disabilities. Among other things, it requires that all students with documented disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability (or different-ability) that affects your learning, please reach out to the Disabilities Resource Center (DRC) [https://disability.ufl.edu/students/get-started/](https://disability.ufl.edu/students/get-started/).

Please share your accommodation letter with your instructor as quickly as possible to ensure your accommodation(s) are provided for the full semester. Thank you!

- If you did not register formally, but you know you have different learning, behavioral, or other needs that may affect your performance in the course, tell me and I will do my best to help you.

**Title IX**

University of Florida has zero tolerance for sexual discrimination, harassment, assault/battery, dating violence, domestic violence, or stalking. Students are encouraged to report any experienced or witnessed occurrences to law enforcement and/or one of UF’s Title IX Coordinators. Students can contact Student Conduct and Conflict Resolution at 202 Peabody Hall, 352-392-1261.
**U Matter, We Care**

Your well-being is important to the University of Florida. The U Matter, We Care initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact umatter@ufl.edu so that the U Matter, We Care Team can reach out to the student in distress. A nighttime and weekend crisis counselor is available by phone at 352-392-1575.

If you are having a crisis, you can call 352-392-1575 anytime and ask to speak to the counselor on call. The U Matter, We Care Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.

**Counseling and Student Health**

Students sometimes experience stress from academic expectations and/or personal and interpersonal issues that may interfere with their academic performance. If you find yourself facing issues that have the potential to, or are already, negatively affecting your coursework, please talk with an instructor and/or seek help through University resources available to you.

- **GatorWell Health Promotion services**: GatorWell provides health-related resources, information, and individual services (on-campus & online). Recommended services: Wellness Coaching for Academic Success (virtual appointments available). [http://gatorwell.ufsa.ufl.edu/](http://gatorwell.ufsa.ufl.edu/)

- The **Student Health Care Center**, at Shands is a satellite clinic of the main Student Health Care Center located on Fletcher Drive on campus. Student Health at Shands offers a variety of clinical services. The clinic is located on the second floor of the Dental Tower in the Health Science Center. - **University Police Department**: [https://police.ufl.edu/](https://police.ufl.edu/) or call 352-392-1111 (or 9-1-1 for emergencies).

- **UF Health Shands Emergency Room / Trauma Center**: If you are local, for immediate medical care call 352-733-0111 or go to the emergency room at 1515 SW Archer Road, Gainesville, FL 32608; [https://ufhealth.org/emergency-room-trauma-center](https://ufhealth.org/emergency-room-trauma-center)
Your local Emergency Room: If you are not near Gainesville, please make a note of your local emergency room, where you could get emergency care if necessary.

“Do not wait until you reach a crisis to come in and talk with us. We have helped many students through stressful situations impacting their academic performance. You are not alone so do not be afraid to ask for assistance.”

Inclusive Learning Environment

Public health and health professions are based on the belief in human dignity and on respect for the individual. As we share our personal beliefs inside or outside of the classroom, it is always with the understanding that we value and respect diversity of background, experience, and opinion, where every individual feels valued. We believe in, and promote, openness and tolerance of differences in ethnicity and culture, and we respect differing personal, spiritual, religious and political values. We further believe that celebrating such diversity enriches the quality of the educational experiences we provide our students and enhances our own personal and professional relationships. We embrace The University of Florida’s Non-Discrimination Policy, which reads, “The University shall actively promote equal opportunity policies and practices conforming to laws against discrimination. The University is committed to non-discrimination with respect to race, creed, color, religion, age, disability, sex, sexual orientation, gender identity and expression, marital status, national origin, political opinions or affiliations, genetic information and veteran status as protected under the Vietnam Era Veterans’ Readjustment Assistance Act.” If you have questions or concerns about your rights and responsibilities for inclusive learning environment, please see your instructor or refer to the Office of Multicultural & Diversity Affairs website: www.multicultural.ufl.edu
